Sofia, Bulgaria

## IT EXPERIENCE

Test Automation developer and architect

Easy Property

2016 - 2017 Sofia

SaaS vendor

- High quality Java source code architecture and implementation. Test-automation related.

Production support, QA, Databases

Adastra

2014 - 2015 Location

Information Management field focus, DWH, BI, Data Quality

- Adequate response to tight SLA issue resolution demands. Shell and SQL programming.

Software technical and customer-support manager

Phoenix Pharma

2004 - 2006 Location

Wholesale of pharmaceutical products

- Me and my regional team raised (supported by Sofia-colleagues) pharmaceutical POS software clients count from 20 to 120 in Plovdiv /south-Bulgaria region. Thanks to our clients for the many good recommendations!

## STRENGTHS

Never give up. Admit mistakes. Move forward.

Work on challenging tasks. Stay focused and move the mountain.

Differentiate issues, improve and assemble back

Attention to details. innovation, humbleness yet confidence.

## MOST PROUD OF

Test Automation project I was responsible for at Easy Property.

Very good programming practices were implemented using Java, Selenium, TestNG.

Credit Card Analytics ETL system

As result of the team's commitment a project evolution to Product happen!

Phoenix Pharma software manager role

I managed to extend my comfort zone from engineering to pre- and after- sales, customer support, negotiations, team-building and other.
